

# FIBERBUILT UMBRELLAS & CUSHIONS™

**HIGH QUALITY CONTRACT UMBRELLAS**

FLEXIBILITY IS OUR GREATEST STRENGTH

EDITION 12

**FIBERBUILT  
UMBRELLAS™**

## BUILT TO LAST

FiberBuilt Umbrellas & Cushions is dedicated to manufacturing state-of-the-art fiberglass ribbed umbrellas for use at hotels, apartment complexes, condominiums, country clubs and restaurants as well as residential applications and many other hospitality locations requiring contract quality products.

Our innovative fiberglass support rib construction ensures strength, resilience and durability. We have developed a full line of contract quality umbrellas that hold up to the harshest weather conditions - intense sunlight, high winds, salt air and driving rain - and will not decay or lose their shape.

Our flexible fiberglass ribs absorb wind gusts without breaking and last four to five times longer than traditional steel or wood ribbed umbrellas. For its inherent strength and longevity, the standard canopies of most of our umbrellas and cabanas are made of marine grade fabric.

FiberBuilt's cushion division manufactures high quality cushions and pillows. We offer a wide selection of products that are durable, comfortable and fashionable at competitive prices with prompt lead times.

Guy Harvey Outdoors combines a love of marine wildlife with the comfort of a casual lifestyle. Our collection of patio furniture, umbrellas and cushions are inspired by Guy Harvey's popular marine wildlife paintings.

For the latest information on umbrella styles, fabrics and options as well as replacement cushions and furniture, visit our website [www.fiberbuiltumbrellas.com](http://www.fiberbuiltumbrellas.com).

# GARDEN

- Flexible fiberglass ribs with molded nylon joints, hubs and end tips
- Anodized and powder coated finishes

# CUSHIONS

Our expert production staff will create high quality cushions that will restore the look and comfort of your outdoor furniture.

Replace worn, frayed or faded cushions on your existing chaises, chairs and benches or add new throw pillows, pool pillows, seat pads and cushions.

Cushions are available in a wide variety of standard sizes. For custom cushions, simply provide us with a sample or template of your existing cushions or pads and we will produce pieces in matching sizes.

Consult your representative, visit our website or contact the factory for additional information.

- All cushions are manufactured with high quality production methods to give each cushion the perfect comfort and loft
- Multiple thicknesses and a limitless array of shapes and sizes are available
- Fill: Polyester fiberfill, densified fiber, standard outdoor foam or reticulated foam
- Fabrics: Available in a variety of grades from polyester to acrylic to COM. See pages 19–21 for furniture grade acrylics and page 30 for Guy Harvey Outdoors fabrics
- Welts: single or double, in self or contrasting colors
- Cushions can be secured to furniture by standard fabric ties, Velcro tabs or fabric covered elastic
- Custom details and options, such as notching and tufting, are available upon request

# PILLOWS

Lumbar Pillow

Bolster

Throw Pillow with Contrasting Welting

- Pillows are available in all sizes and shapes with 100% Polyester fiberfill
- Custom accents and options include welts, fringes, braiding, notching, tufting and zippers, available upon request

# BOX CUSHIONS

Box cushions are a versatile, fashionable and classic style approach to creating luxurious comfort for dining chairs, chaise lounges and deep seating groups.

Also available with single or double self-welt or contrasting welts.

# PRODUCT WARRANTIES

## UMBRELLA WARRANTY

FiberBuilt Umbrellas & Cushions warranties our two piece fiberglass ribbed Garden, Patio, Terrace, Market and Beach Umbrellas, and all wood umbrellas, as well as all bases, cabanas and upholstery work for a period of one year from the date of purchase, to the original purchaser, against defects in materials and workmanship. Additionally, fiberglass support ribs on our Market and Beach Umbrellas are warranted for five (5) years from the date of purchase. Prestige Collection Umbrellas (Augusta, Bambusa, Bridgewater, Contempo, Lucaya, Nitro, Palm and Riva) are warranted for a period of five (5) years from the date of purchase, to the original purchaser, against defects in materials and workmanship. Fiberglass support ribs on all Prestige Collection Umbrellas are also warranted for five (5) years. For the warranty to apply, all umbrellas must be secured in a properly weighted base. Though our umbrellas have successfully passed wind tests over 50 miles per hour, FiberBuilt Umbrellas & Cushions does not recommend allowing umbrellas to remain open during storms or strong winds. Customer is responsible for taking the umbrella down when winds reach unsafe conditions.

Normal care and maintenance of products is required to insure years of problem free use.

Damaged umbrellas should be immediately taken out of service. This warranty does not cover the umbrella pole, crank or tilt, glass tops, glides, normal fading of fabrics and finishes and chemical stains.

This warranty does not cover any damage due to acts of God, abuse, misuse or vandalism incurred to the umbrella after purchase, nor does it cover customer's own material. For warranty to apply products must be properly cared for and maintained. Modifications made to the product after production may void warranty. This warranty does not provide coverage or reimbursement for loss of use, time, inconvenience or other damages resulting from any defect in the product. To find out more about our warranty or to file a claim, please contact our customer service department at: 866-667-8668. No returns will be accepted without prior approval.

---

## FURNITURE WARRANTY

We warranty our Guy Harvey Outdoors furniture for a period of three (3) years for residential and one (1) year for commercial use from the original date of purchase to the original owner. This limited warranty covers defects in workmanship and materials of the product. We will repair or replace the defective part or product at

factory discretion with the same or similar product (if original is discontinued) at no charge. The warranty does not cover freeze damage within the frames. Furniture is not to be stored upside down as water can enter the frame and cause structural damage if it freezes.

---

## FABRIC WARRANTY

Fabric options offered vary by product. Marine grade solution dyed acrylic fabrics are warranted against light fastness for a period of six (6) to ten (10) years depending on the fabric mill. Furniture grade solution dyed acrylic fabrics and acrylic blends are warranted for a period of three (3) to five (5) years depending on the manufacturer. The fabrics are covered under a limited prorated warranty provided directly from the fabric mill. This warranty covers the fabric becoming unserviceable because of loss of color or strength from normal exposure conditions including

sunlight, mildew, rot and atmospheric chemicals. Warranty does not cover ripped, torn or frayed fabric. It does not cover labor and installation supplied by FiberBuilt Umbrellas & Cushions/Guy Harvey Outdoors or any other dealer. In the event that your fabric fails, please contact us to inspect fabric, submit a claim and secure replacement fabric. All fabric must be properly maintained and cleaned regularly for the warranty to be effective. Spun Acrylic, vinyl coated weaves and select marine grade fabrics do not carry an additional warranty.
