ALL NATURAL WOOD FIBER

Product Origin

Garick's Kids Karpet® Engineered Wood Fiber surfacing is 100% natural; no trees are specifically harvested for our products. Kids Karpet® is never produced from recycled pallets or other sources containing potentially contaminated material.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification service whereby an independent laboratory, Detroit Testing Laboratory, Inc. (DTL), validates a surfacing manufacturer's certification of conformance to ASTM F1292-99, Standard Specification for Impact Attenuation Under and Around Playground Equipment, and for an engineered wood fiber manufacturer its certification of conformance, also, to ASTM F2075-01a, Standard Specification for Engineered Wood Fiber for Use as a Playground Safety Surface Under and Around Playground Equipment, Section 4.6, for testing the presence of Tramp Metal.

Check the IPEMA website, www.ipema.org, to confirm product certification, its thickness and critical height.

Economical

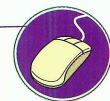

Engineered Wood Fiber is the most economical playground surface available that meets ASTM and ADA Standards.

Bulk

Garick ships direct to you from our mills, as inexpensively and quickly as possible. Please ask your Kids Karpet® Representative about availability in your area.

Specifications

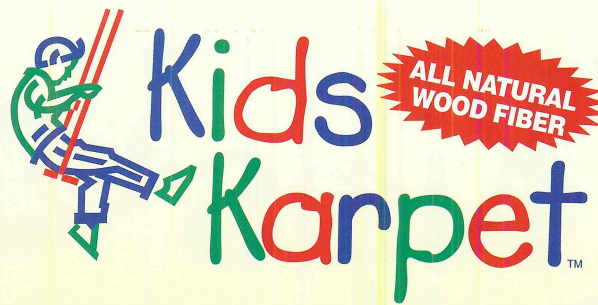

Kids Karpet® Wood Fiber is an engineered by-product of the wood products industry. This material consists only of harvested North American woods. Garick is committed to environmentally sustainable forest practices and no timber is specifically harvested to manufacture Kids Karpet® playground surfacing. All wood shall be free of soil, leaves, twig material and other contaminants which hasten decomposition. The engineered Wood Fiber meets all recommendations from the Consumer Product Safety Commission. Surfacing also meets the Head Impact Criteria (HIC) of less than 1000. For further specifications, please contact our office or visit our website at www.kidskarpet.com

10 Year Performance Limited Warranty

This limited warranty applies to The Garick Corporation Engineered Wood Fiber Material called **Kids Karpet™**.

Kids Karpet™ is warranted by The Garick Corporation to the original purchaser to meet or exceed Playground Surfacing Guidelines of the United States Consumer Product Safety Commission (Version 1998B) using ASTM F1292-96 for a period of ten (10) years from the certified date of delivery subject to the conditions and exclusions listed below.

WARRANTY PERFORMANCE:

The Garick Corporation's entire liability and the purchaser's remedy in the event the Material does not conform to the Limited Warranty, shall be, at The Garick Corporation's option, the replacement of the defective Material or a refund, but shall not include removal, installation, or consequential damages.

CONDITIONS:

This Limited Warranty is conditional upon the Material being properly installed and maintained by the purchaser in accordance with the written instructions and guidelines provided by The Garick Corporation.

ACTS INVALIDATING WARRANTY:

Failure to install all Materials delivered, incorrect installation, failure to maintain minimum depth of 12", use of the Material with other products not provided by The Garick Corporation, inadequate drainage, lack of or improper maintenance, abnormal use, or vandalism shall void this Limited Warranty and The Garick Corporation, its associates and employees from responsibility with respect to damages resulting therefrom.

In addition, ~~changed impact attenuation characteristics created by sand or other foreign materials tracked into the Engineered Wood Fiber~~ are not covered by this warranty.

DISCLAIMER:

The Garick Corporation disclaims any other Warranties expressed or implied, including but not limited to implied Warranties of fitness or merchantability and fitness for a particular purpose.

In no event shall The Garick Corporation or its suppliers, associates or employees be liable for any damages whatsoever (including and without limitation, damages for loss of business profits, business interruption, claims for personal injury or property damage other pecuniary loss) arising out of the use or inability to use the Materials, even if The Garick Corporation has been notified of the possibility of such loss. Because some states do not allow the exclusion of limitations of liability for consequential or incidental damages, the above limitation may not be applicable to you.

Acceptance of the Material constitutes acceptance of the terms of the Limited Warranty.

LEGAL REMEDIES:

This Limited Warranty gives you specific legal rights. You may have other rights that vary from state to state.
