NATIONAL Series Bleachers

Standard, Preferred, and Deluxe Model Bleachers.

ACCESSIBLE Bleachers

ADA Series bleachers feature wheelchair seating areas with companion seating to meet ADA accessibility requirements.

Manufacturer of Quality

ALUMINUM BLEACHERS, BENCHES & PICNIC TABLES

For Over 20 Years

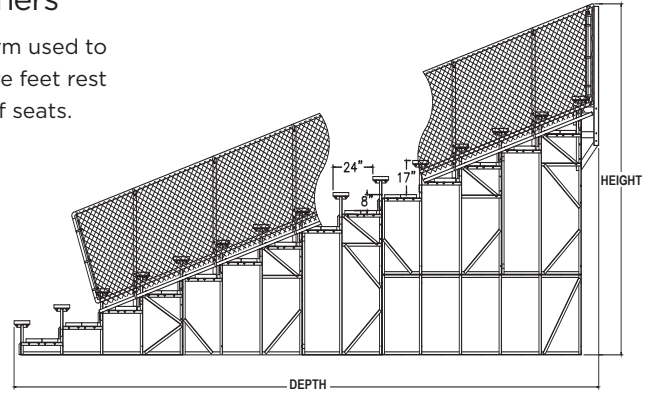

The good news is that about half of all the aluminum used in the United States is being recycled these days. A lot of **energy is saved** in the recycling process - since it avoids the need to make new aluminum from raw ore. National Recreation Systems has created sustainable designs that use the highest aluminum content commercially available.

NON-ELEVATED Bleachers

"Non-Elevated Bleachers" is a term used to describe a type of bleacher where feet rest at ground level on the first row of seats.

Rows	Depth	Height
5	9' 4"	7' 10"
8	15' 4"	9' 10"
10	19' 4"	11' 2"
12	23' 4"	12' 6"
13	25' 4"	13' 2"
15	29' 4"	14' 6"
20	39' 4"	17' 10"

Dimensions are approximate

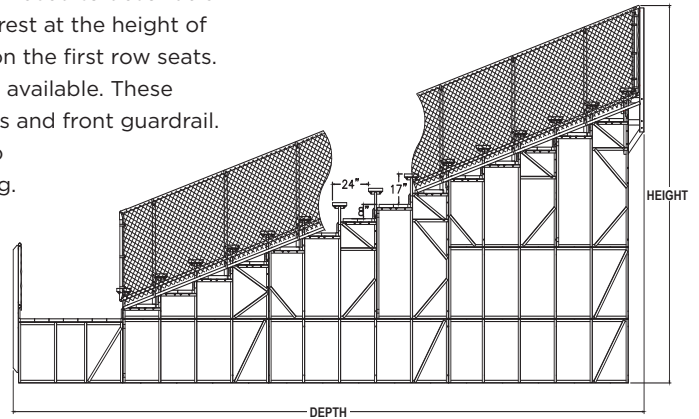

ELEVATED Bleachers

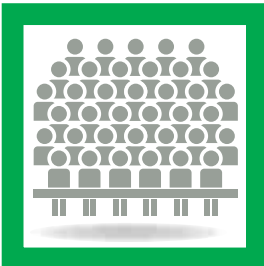

"Elevated Bleachers" is a term used to describe a type of bleacher where feet rest at the height of the elevated front walkway on the first row seats. Several elevation heights are available. These elevations require entry stairs and front guardrail. An accessible ramp may also be required with ADA seating.

Rows	Depth	Height
5	15' 2"	10' 10"
8	21' 2"	12' 10"
10	25' 2"	14' 2"
12	29' 2"	15' 6"
13	31' 2"	16' 2"
15	35' 2"	17' 6"
20	45' 2"	20' 10"

Based on a 36" elevated front walkway

CAPACITY SEATING Pages 8-9

ELEVATED Bleachers

Elevated Bleachers offer better sight lines for viewing the action.

TIP N' ROLL Bleachers

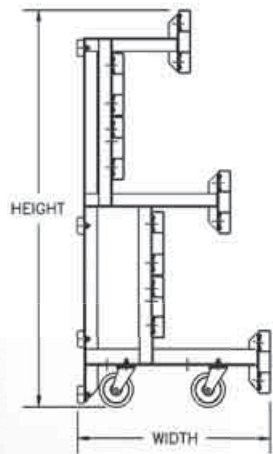

Model	Seats	Length	Riser	Guardrail
TR-0215STD	20	15"	no	no
TR-0315STD	30	15"	no	no
TR-0415ALRSTD	40	15"	no	no

Other Sizes Available

2, 3 & 4-Row Tip N' Roll Bleachers

Tip N' Roll Bleachers can be rolled out and positioned when extra event seating is needed. Non-marring rubber foot pads are standard to protect floors. Available as:

- **Standard Model** (1) single 2"x10" mill finish foot plank
- **Preferred Model** (2) double 2"x10" mill finish foot planks

The systems are easily tipped up onto swivel non-marring casters for ease of movement. The aluminum frames reduce weight for easier lifting.

Exclusive **4-Row Outrigger** adds stability when tipped up for movement. (4-Row model only)

Rows	Model	Seat Height	Rise	Seat	Width	Height
2	Tip N' Roll	17"	8"	2x10	2'2"	3'3"
3	Tip N' Roll	16"	6"	2x10	2'5"	5'0"
3	Low Rise Tip N' Roll	12"	6"	2x12	2'0"	4'2"
4	Low Rise Tip N' Roll	12"	6"	2x12	2'6"	7'1"

Always check with your local building department for applicable codes. All bleachers should be properly anchored to resist wind loads.

3-Row Preferred Model Bleacher

- (2) double 2"x10" foot planks

4-Row Preferred Model Bleacher

- (2) double 2"x10" foot planks

Other Sizes Available

TIP N' ROLL & TRANSPORTABLE BLEACHERS

- Available as: **Standard**, **Preferred**, or **Deluxe** models (Refer to pages 6-7 for features).
- 15' systems are available as **Standard** or **Preferred** models only.

5-Row Deluxe Model Transportable Bleacher

Light-Duty Transport Kit

Required with 5 row systems. Includes: Wheel, Mechanical Jack, and Tongue Assembly. One kit can be purchased to move multiple Transportable Bleachers.

- **5-Row** - Requires light-duty transport kit
- **10-Row** - Requires heavy-duty transport kit

5 & 10-Row Transportable Bleachers

The Transportable Bleachers are designed to withstand the rigors of movement (each Transportable Bleacher is fitted with additional horizontal steel lifting brace and additional cross bracing for added structural support). Available with galvanized steel or aluminum frames, and includes ground sills.

Heavy-Duty Transport Kit

Required with 10-Row systems. Includes: Wheels, Integrated Hydraulic Jack, and Tongue Assembly.

- **5-Row** - Requires light-duty transport kit
- **10-Row** - Requires heavy-duty transport kit

10-Row Deluxe Model Transportable Bleacher

The **Smart Solution** for the budget-minded
Transport from one location to the next!

RENOVATIONS

Update existing bleachers to code compliance

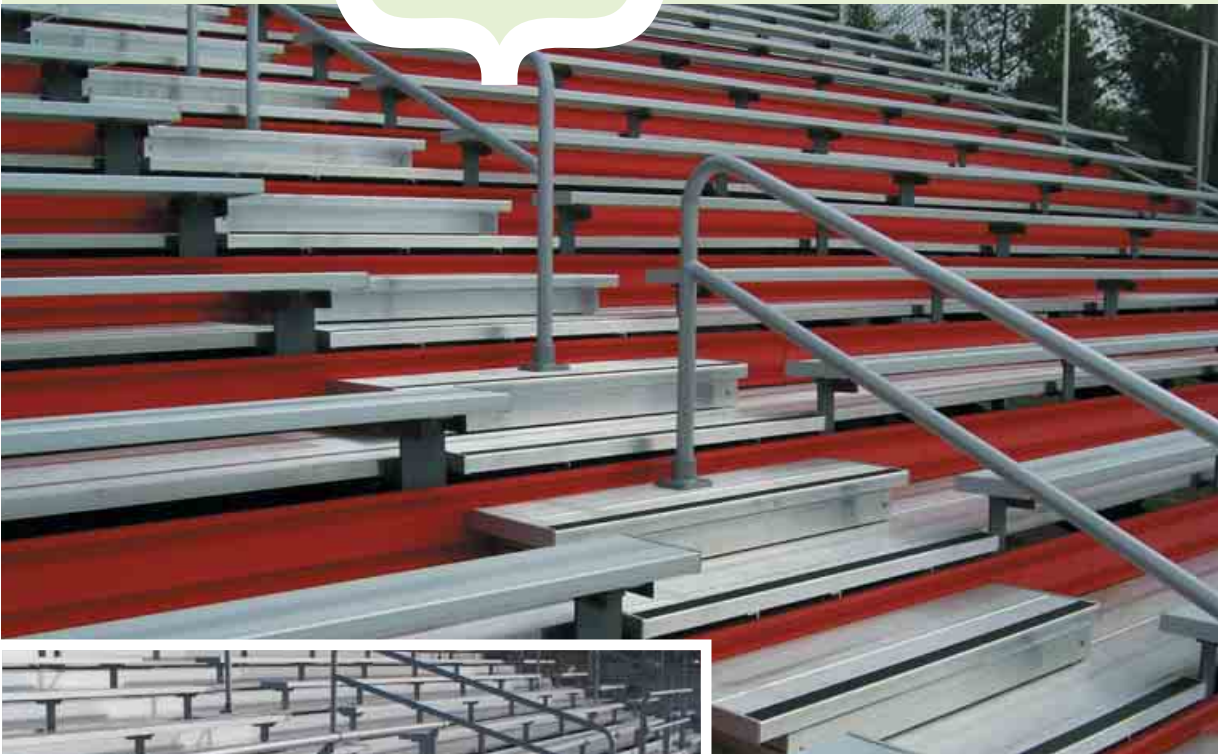

COMPONENTS & RENOVATIONS

Update old non-compliant bleachers to today's building and safety codes and eliminate maintenance of old wood planking.

Many bleachers can be retrofitted using the existing framework by adding maintenance free aluminum planking to replace deteriorated wood planks and close up openings.

From this... **TO THIS!** *All openings closed to less than 4" for compliance*

ADA Compliant wheelchair accessibility

OPTIONS

to meet code requirements

- ADA Accessibility
- Guardrails
- Aisles & handrails
- Openings closed to 4" or less
